Vaishnavi Shobhane

Web Designer

✉ ayushishobhane@gmail.com   📞 8380896035

A passionate and self-driven web developer with expertise in HTML, CSS, JavaScript, and Bootstrap, dedicated to building innovative and responsive web solutions. Currently pursuing an MCA, I have a strong interest in Artificial Intelligence and Machine Learning. My focus lies in crafting engaging user experiences, solving real-world problems, and delivering high-quality projects with attention to design and detail.

Projects

Portfolio website

- A fully responsive and animated portfolio website designed to showcase my work and skills as a web developer. Built using HTML, CSS, and JavaScript, the site features smooth transitions, interactive elements, and a modern layout—all without using any external frameworks.

Amazon clone

- A single-page website replicating Amazon's interface, built using HTML and CSS. The project focuses on creating a visually appealing layout with a navigation bar, product sections, and a footer, showcasing web design and styling skills.

My First Website – Akanksha Portfolio

- My first-ever personal website, built using HTML, CSS, and Bootstrap. It's a portfolio site created for a content creator/model named Akanksha, with a clean, beautiful design and fully responsive layout.

iCoder – Tech Blogging Platform

- A sleek, professional tech blogging platform made with HTML, CSS, and Bootstrap 5. Designed for developers and tech writers, it features a modern layout to publish blogs, tutorials, and articles with ease.
